

## Antony Sutton

Antony Sutton was born in London in 1925 and educated at the universities of London, Gottingen and California. He became a United States citizen in 1962. He was a Research Fellow at the prestigious HOOVER INSTITUTE OF WAR, REVOLUTION AND PEACE, where he produced the monumental three-volume study, *Western Technology and Soviet Economic Development*. Dr. Sutton was a prolific writer whose scholarly works include *Wall Street and the Bolshevik Revolution* and *Wall Street and the Rise of Hitler*. His book, *Trilaterals Over Washington* was the first book to be published on the [Trilateral Commission](#).

Sutton reveals the untold story of how a group comprising the very richest men in the world, located one block off Wall Street in New York (120 S. Broadway) in a building owned by General DuPont, **secretly financed the 1917 revolution of Lenin and Trotsky**. Then in his work, *Wall Street and the Rise of Hitler*, Sutton details how this same group of monopoly capitalists **financed and supplied both the leftist state of Russia and the rightist state of Germany and clashed them in war for profit**.

Sutton has a great deal to say about the un-elected self imposed ruling class of the USSR and America and how they work together.
