

# The Illuminati, Skull and Bones, and "The Plan"

A Review of William Guy Clark's *Pawns in the Game* and Anthony C. Sutton's *America's Secret Establishment: an Introduction to the Order of Skull and Bones*

By Dr. Eric T. Karlstrom, 2006

<http://www.911nwo.com/The%20Illuminati-Skull%20and%20Bones.html>

According to retired Commander William Guy Carr (*Pawns in the Game*, 1954), the ideas we associate with the **New World Order** traces back earlier still than 19th century Britain. Nearing the end of his military career, Carr concluded that the wars, revolutions, and chaotic conditions of the world are the effects of a "an **International Conspiracy**" and "**Worldwide Revolutionary Movement**" (**WRM**), which ultimately trace to Luciferian forces. Carr, a Canadian Naval Officer in World Wars I and II, asserts that British and American intelligence officers obtained authentic documentary evidence proving that international capitalists, working through international banking houses, have financed both sides of every war and revolution since 1776.

According to Carr, "**The Plan**" has always required the destruction of ALL existing governments and religions. This goal was to be reached by dividing the "**goyim**" (Jewish ruling elite's term, meaning "**human cattle**") into opposing camps on political, racial, social, economic and other issues (i.e., divide and conquer). Opposing sides were to be armed and an "incident" provided which would cause them to fight and weaken themselves as they destroyed national governments and religion.

Carr outlines the most recent phase of the movement as follows: In 1770, the "money lenders" (a.k.a. predominantly Jewish international bankers, who had recently organized the **House of Rothschild** in Frankfurt, Germany) retained Adam Weishaupt, a Jewish but Jesuit-trained professor of canon law in Germany. Weishaupt was charged with modernizing the age-old "protocols" (later released as the "**Protocols of Zion**"), which consist of a blueprint designed to give the **Synagogue of Satan** ultimate world domination so they could impose the Luciferian ideology on what was left of the human race. In 1776, Weishaupt helped organized **the Illuminati** (a.k.a. "**The Order of Death**")

in order to put this plot into execution. The term Illuminati is derived from Lucifer, the "light bearer". Individuals within this group commonly used the lie that their objective was to bring about **One World Government** to allow men with proven mental ability to govern the world. And they proceeded to recruit about 2000 of the very brightest men of the time in the fields of arts and letters, education, the sciences, finance, and industry. They then established the **Freemasonic Lodges of the Grand Orient** as their secret headquarters.

Weishaupt's (the Illuminati) plot required:

1. Abolition of ALL ordered national governments.
2. Abolition of inheritance.
3. Abolition of private property.
4. Abolition of patriotism.
5. Abolition of the individual home and family life as the cell from which all civilizations have stemmed.
6. Abolition of all religions established and existing so that the Luciferian ideology of totalitarianism may be imposed on mankind.

The basic strategy was to use money and sex bribery to obtain control of people already in power in the various levels of ALL governments as well as other fields. Once a person had fallen for Illuminati lies and temptations, they could be controlled through threats of financial ruin and public exposure, i.e., bribery. In addition, Illuminati faculty were to recommend exceptionally bright students for special training in internationalism (such as, for example, Cecil Rhodes' funding of Rhodes Scholarships at Oxford University, England). These individuals were to be indoctrinated to the belief that only a One World Government can put an end to recurring wars and tribulations. Carr notes that three such special schools existed in 1954: in Gordonstoun, Scotland, Salem, Germany, and Anavryta, Greece.

Individuals trapped into the control of the Illuminati, and students trained as above, were to be used as "**agentur**". These individuals have been placed behind the scenes of ALL governments as "experts" and "specialists" in order to advise top executives to adopt policies that would ultimately bring about the destruction of governments and religions. The Illuminati were also to gain control of the press and all other agencies which distributed information to the public. News was to be slanted so that the

"goyim" ("human cattle") would come to believe that a **One World Government** is the only solution to our many problems.

As Britain and France were the two great powers of the 18th century, the Illuminati under Weishaupt fomented the **Colonial Wars** to weaken the **British Empire** and organized the **Great French Revolution** to weaken the French Empire.

Historical events connect the House of Rothschild with the Illuminati and the French Revolution. In 1784, lightning killed a messenger carrying documents from Illuminati founder Weishaupt to be delivered to Illuminists in France that outlined a plan to foment the French Revolution. The document, titled "**Original Shift in the Days of Illuminations**", outlined the secret society's long-range plan for "the New World Order through world revolution". The courier that carried the document was struck dead as he traveled through Ratisbon on his way from Frankfurt to Paris. Police turned the documents over to the Bavarian Government, which then ordered the police to raid the newly organized lodges of the Grand Orient and the homes of the most influential Illuminati, where more such documents were recovered. The next year, the Bavarian government outlawed the Illuminati and closed the lodges of the Grand Orient. Next year (1786), the Bavarian government published copies of the recovered documents and sent them to all governments. This forced the Illuminati to go further underground. Weishaupt instructed his Illuminists to infiltrate the lodges of Blue Masonry and form a secret society within the already established secret societies.

In his 1798 **Proofs of a Conspiracy**, John Robison, a Scottish professor of natural history exposed the Illuminati as follows:

**An association has been formed for the express purpose of rooting out all the religious establishments and overturning all the existing governments.... The leaders would rule the World with uncontrollable power, while all the rest would be employed as tools of the ambition of their unknown superiors.**

According to Carr, however this plot traces much further back even than the inception the Illuminati in 1776. Carr notes that in 1773, the Jew, Amschel Mayer Rothschild, founder of the fabulously wealthy **House of Rothschild** banking family, was 30 years old. That year in Frankfurt, Germany, Rothschild invited twelve other wealthy and

influential men to a meeting where he outlined a plan for ultimate world domination based on the following principles and strategisms:

1. He argued that "law was only force in disguise". Since men are weak and inclined toward evil, the best way to govern them could be obtained by using violence and terrorism rather than by academic discussions. He asserted that "by the laws of nature, right lies in force." (This pinciple, of course, is identical to the view that "might makes right").
2. Since freedom is an idea not a fact, their agents should preach Liberalism so that the electorate, for the sake of an idea, would yield some of their power over to government.
3. Since FREEDOM had replaced FAITH as an organizing principle in society, it was logical to assume they could use the idea of FREEDOM to bring about "class wars". And most importantly, by controlling funding (capital) they could control the outcome of any conflict.
4. Any and all means necessary to reach the final goal are justified because moral rulers are in a vulnerable and unstable position. In other words, "the ends justify the means."
5. Their power must remain secret until they have obtained overwhelming control.
6. Only a despotic ruler can control the masses. And the way to control the masses is through "mob psychology".
7. Illuminati also have the right to use terror because it tends to produce blind submission from the masses.
8. Drugs, alcohol, and moral corruption should be used systematically by agenturs to corrupt the morals of the youth of the nations. Additionally, "our agenturs should infiltrate into all classes and levels of society and government in order to fool, bemuse and corrupt the younger members of society by teaching them theories and principles they know to be false."
9. Illuminati agents have the right to seize property by any means, including terror.

10. Illuminati agents are the first to advocate "liberty, equality, and fraternity" because these are empty phrases. "On the ruins of the natural and genealogical aristocracy of the Goyim ("human cattle") we have set up the aristocracy of MONEY. The qualification for this aristocracy is WEALTH, which is dependent on us."

11. It is Illuminati practice and policy to foment wars, but also to direct the peace conferences so that neither combatants obtain territorial gains. Basically, these wars serve to place both warring sides further in the debt of the Illuminati (international bankers), and in the power of their "agents".

12. Illuminati agents will use their wealth to choose candidates for public office who are servile and obedient to their commands, and they will use their more highly trained "agentur" as advisers to rule the affairs of the world.

13. Their combined wealth should control all outlets of public information via propaganda.

14. Their agentur would come out into the open only after things (wars, conflicts, chaos) had reached their lowest ebb, in order to appear as saviors. "By executing the criminals and lunatics after they have carried out our preconceived "reign of terror", we can make ourselves appear as the saviors of the oppressed and the champions of the workers. We are interested in just the opposite... in the diminution, the killing out of the Goyim."

15. Industrial depressions and financial panics can be brought about and used to serve their purpose (by the international bankers).

16. By infiltrating Free Masonry, they could quickly get access to the facilities and secrecy of Free Masonry. "When the hour strikes for our sovereign Lord of all the World (Lucifer) to be crowned, these same hands will sweep away everything that might stand in his way".

17. Agentur should be systematically trained in the use of deception.

18. Again, Illuminati will use a pattern of "reign of terror" which must accompany every revolutionary effort "because it is the most economical way to bring the population to speedy subjugation."

19. After wars, the "agentur" must be able to manipulate all international agreements in such a way that the role of "the Secret Power" (Illuminati) is always hidden.

20. In order to reach the goal, **One World Government**, the Illuminati will need to establish huge monopolies, reservoirs of colossal riches so that even the largest fortunes of the Goyim depend on the Illuminati so that they will go down all at the same time.

21. In **The New Order**, the members of the **One World Government** will be appointed by the **Dictator**. "In substance, everything will be settled by the question of figures."

22. "A combination of high taxes and unfair competition can be used to bring about economic ruin of the **Goyim** as far as their investments are concerned. We have to be careful so that any increased wages obtained by workers does not translate into increased benefit in any way."

23. Illuminati agents will help bring about a colossal buildup of armaments for the purpose of having the Goyim destroy each other.

24. Moral corruption facilitates the whole process of bringing down nations. The financial element paralyzes things and the revolutionary left deals the death blow.

25. The ultimate goal is to substitute ARBITRATION for LAW, i.e. to establish absolute tyranny.

Professor S. Nilus obtained these documents in 1901 and published them in 1905 under the title ***The Jewish Peril in Russia***. (The Jewish/political movement of **Zionism** had already been organized in 1897). Victor Mardson translated ***The Jewish Peril*** into English and in 1921 it was published in London as "***The Protocols of the Learned Elders of Zion***". However, Mardston himself stated that the contents of his book were the "***Protocols of the Meetings of the Learned Elders of Zion.***"

According to Carr, the ***Supreme Council of the Jewish Illuminati*** numbered thirteen. Today, they remain the "***Executive Council of Thirty-Three***" and their goal is to destroy the religion founded by Christ and his 12 apostles. Every member of the Council swears ultimate allegiance to the leader of the Council.

## **Illuminati in the United States**

How have Illuminati objectives and techniques been implemented in the United States? This has apparently been accomplished largely by individual members of secret societies who have worked through banking arrangements and political manipulations. According to Carr, the directors of the Bank of America were also agents of the Bank of England, and both were controlled by the Illuminati and the House of Rothschild. Alexander Hamilton and Robert Morris, who organized the Bank of America, were agents for the House of Rothschild and the Illuminati. In addition, Thomas Jefferson was a student of Weishaupt's and helped to infiltrate the Illuminati into the newly organized Lodges of the Scottish Rite in New England. John Quincy Adams had organized the New England Masonic Lodges. In 1800, Adams opposed Jefferson for the presidency. At that time, Adams wrote three letters to Col. Wm. L. Stone, exposing how Jefferson was using the Masonic lodges for subversive purposes. These letters supposedly helped Adams win the election and are on display in the Rittenburg Square Library in Philadelphia.

According to historian Anthony C. Sutton (***America's Secret Establishment: An Introduction to the Order of Skull and Bones***), the **Order of Skull and Bones** was established as an American chapter of the **Illuminati** at Yale University in 1832 by General William Huntington Russell and Alfonso Taft. Taft later became Secretary of War in the Grant administration and was father to William Howard Taft, the only American to be both President and Chief Justice of the U.S. In 1856, "The Order of Skull and Bones" was legally incorporated in 1856 as the "Russell Trust". However, it has also been historically called Chapter 322 of a particular German secret society (the Illuminati). It has also been called the "**Brotherhood of Death**", "**the Brotherhood**," "**Skull and Bones**," or just "**Bones**".

In 1829, a British Illuminati named Wright addressed Illuminists at a meeting in New York. There, he announced plans to unite the Nihilist and Atheist groups with other subversive groups into an international organization known as **Communism**, a force to be used to help foment future wars and revolutions. Money raised by Clinton Roosevelt (an ancestor of FDR), Horace Greeley, and Charles Dana went to finance **Karl Marx** and **Fredreich Engels** as they wrote ***Das Capital*** and ***The Communist Manifesto*** in Soho, England.

Recall that Weishaupt's orders were for the **Illuminati** to organize, finance, direct and control ALL international organizations and groups by placing their **agenturs** in executive positions at the top. So while one **Illuminati** group was funding **Karl Marx** to formulate the justification for **Communism**, another Illuminati group was funding **Karl Ritter** (of Frankfurt University) and the German philosopher Freiderich Neitche to write the justification for the antithesis ideology, **Nazism** and **fascism**. These competing ideologies (communism and fascism) helped the Illuminati foment World Wars I and II.

Certainly, a principle architect of "**The Plan**" was General Albert Pike, head of the American **Masons**. Working in a 13-room mansion in Little Rock, Arkansas, Pike laid out the details of 3 major revolutionary wars that would further the conspiracy to its final conclusion during the 20th century. Pike had already organized the **New and Reformed Palladian Rite of Masonry** and had established three supreme councils; in Charleston, S.C., Rome, Italy and Berlin, Germany. His friend and mentor, Italian Guiseppi Mazzini, had organized another 23 subordinate councils throughout the world. These Masonic lodges have provided the headquarters of the **World Revolutionary Movement** ever since.

Pike's "**Plan**" was that **Communism, Nazism, Political Zionism**, and other movements would be used to foment three major global wars. **World War I** was to be fought to enable the Illuminati to overthrow the Tzars in Russia and to turn that country into a stronghold for atheistic Communism. Illuminati agentur were to be used to stir up differences between the British and German empires in order to foment this war. After **World War I**, communism was to be built up in Russia in order to weaken religion there and also used to destroy other governments and weaken religion in other countries as well. **World War II** was to be fomented using the differences between fascists and political Zionists. This war was to be fought in order to destroy Nazism and build up the power of **Political Zionism**. (Thus, at the close of the war, the newly-formed **United Nations** created the sovereign state of **Israel** in what had formerly been the state of **Palestine** in 1948). During **WWII**, international communism was to be built up until it rivaled the strength of the entirety of united Christendom.

Pike further outlined that **World War III** was to be fomented using the differences between political Zionists and the leaders of the Moslem world. It is to be directed in such a manner than these opposing forces destroy themselves and each other. Meanwhile, other nations would be forced to choose sides and fight themselves into a

state of complete exhaustion. Pike told Mazzini in a 1871 letter that after World War III, those who aspire to undisputed world control will provoke the greatest social cataclysm the world has ever known. This letter, displayed at the British Museum Library in London, states:

**we shall provoke a social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery, and the most bloody turmoil. Then everywhere, the citizens... will receive the pure doctrine of Lucifer, brought finally out in the public view, a manifestation of which will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time."**

Pike's plan was that none of the countries and people involved in these wars and revolutions were to obtain any lasting benefits. Rather, the only people to benefit were to be the small group of money-lenders (international bankers) who financed the wars and their friends and agents who work in the government/corporation sector that supplied the armies and weapons.

Thus, the headquarters of the "**worldwide revolutionary conspiracy (WRC)**" has shifted from Frankfurt, Germany in late 1700s, to Switzerland, then, after World War II, to the **Harold Pratt Building**, in New York City. Since World War II, the Rockefeller family has replaced the Rothschild family as principle manipulators of international finances.

In the final phase of the conspiracy (WRC), government is to consist of the king-despot, the Synagogue of Satan, and a few millionaires, economists, and scientists devoted to the Luciferian cause. In *The Impact of Science on Society*, Bertrand Russell states that ultimately, less than 30% of the female population and 5% of the male population will be used for breeding purposes. Reproduction will be strictly limited to the type and numbers required to fill the needs of the State.

In his 1954 book, Carr outlined a number of methods by which common citizens could help disarm this "Worldwide Revolutionary Movement":

- 1) Demand monetary reform and monetary controls and place the issuance of currency in the hands of governments, where it belongs.

2) Do not allow secret negotiations or secret societies. Illuminati and their type always work behind the scenes in secret and should be forcibly disbanded. Certainly, if we have government of, by, and for the people, we have a right to know every detail of what goes on in government.

3) Disband the United Nations. It is the Trojan Horse of the International Conspiracy and World Revolutionary Movement. One World Government is likely to be implemented under the auspices of the United Nations.

4) All illegal trade and traffic (the mob, etc.) needs to be cleaned up.

Finally, Carr reminds us that Christian faith is based on faith, hope and charity. And he also reminds us that the Devil's nucleus of evil is centered in no more than about 300 master-minds at any given time.

## **A Brief History of the Order of Skull and Bones**

The two men who ran against each other for president in the 2004 election, George W. Bush and John Kerry are both members of the Order of Skull and Bones, an extremely elite, secret society at Yale University. Since there are only about 500 living members of "the Order", the odds that both presidential candidates should belong to the same small fraternity are infinitesimally small. When, during a press conference in which both candidates were present, someone in the audience shouted "Skull and Bones", both candidates reportedly left the stage without saying a word. In fact, these individuals are sworn to secrecy about Skull and Bones. The obvious questions are: "What are they hiding?", "What is Skull and Bones?", and "What is its agenda?".

Information compiled here is from two books: ***America's Secret Establishment: An Introduction to the Order of Skull and Bones by historian Anthony C. Sutton***, and ***Fleshing Out Skull and Bones; Investigations into America's Most Powerful Secret Society***, edited by Kris Millegan.

Russell was in Germany in 1831-32, prior to establishing **The Order**.

It has links with:

1. the **"The Group"** in Britain and Oxford University.
2. the **Rothschild Family** (Lord Rothschild was an original member of Rhodes "inner circle").
3. the **Masons**- especially the highest levels, above 32 degrees.
4. the Guggenheim, Schiff, and Warburg families, therefore the **International Banking Barons**.
5. the **Illuminati** of Germany, founded in May 1, 1776 in Germany.
6. and the Order acts as a secret group within the larger **Council on Foreign Relations (CFR)** as well as the **Trilateral Commission** and the **Bilderberger groups**.

Could **the Order** be a chapter of the **Illuminati** secret society of Germany? Almost certainly, says Sutton. In 1785, a German courier was struck dead on the road to Paris from Frankfurt. A tract written by Adam Weishaupt, founder of the **Illuminati**, was found on the dead messenger. The tract, ***Original Shift in the Days of Illuminations***, outlined the secret society's long-range plan for **"the New World Order through world revolution"**. The Bavarian government outlawed the society. The Illuminati had succeeded in allying itself with the Masons.

Could the "national security state", "the new world order" and "globalization" be covers for their nefarious plans?

In his 1798 ***Proofs of a Conspiracy***, Scottish professor of natural history exposed the **Illuminati** as follows:

**An association has been formed for the express purpose of rooting out all the religious establishments and overturning all the existing governments.... The leaders would rule the World with uncontrollable power, while all the rest would be employed as tools of the ambition of their unknown superiors.**

Now 173 years old, the basic rules of **the Order** haven't changed since 1832 when it was founded. Every year 15 juniors are selected to become inducted to the Order in their senior year. New members are given new names.. Knight.... Old members become Patriarch.... Outsiders are known as Gentiles and vandals. Members of the Order use

their power and influence to help fellow members. Only a quarter of the members are active at any one time.

Between 1833 and 1983, about 20 to 30 families came to dominate **the Order**. These include old East Coast families, mostly original settlers in Massachusetts whose wealth dates back to the 1600s: such as the Whitney, Lord, Phelps, Wadsworth, Adams, Bundy, Taft, Perkins, and Allen families. It also includes new families that acquired wealth more recently in the mid-19th century and later such as the Harriman (railroads), Rockefeller (Standard Oil, Chase Bank, etc.), Payne (Standard Oil), Davison (J.P. Morgan Bank), Pillsbury (Flour Milling), Weyerhaeuser (Lumber), Bush (banking, oil, intelligence, politics) families, etc.

Typically, **the Order** has been involved in the ground floor of establishing major US institutions.

For example, Andrew Dickson White ('53) was the first president of Cornell University. Daniel Coit Gilman ('52) was the first president of Johns Hopkins University (which is based on the German education system) and the University of California. He was also first President of the Carnegie Institute (1902-5).

In the 1880s, **the Order** had the great foresight to create *The American Historical Association* and *The American Economic Association*. Also, members of **the Order** or people close to them also founded *The American Chemical Society*, and *The American Psychological Association*. **Order** members also typically pack the boards of the major *Foundations*, such as the Peabody, Slater, Russell Sage, and Ford Foundations and the major think tanks (Peace Research Institute). They also tend to own the media. For example: Henry Luce, of Time-Life and William Buckley of National Review. They also own the oil companies: Percy Rockefeller, the Paynes, the Pratts own Standard, Shell, and Creole Petroleum, etc. They also control the **Federal Reserve System** and, of course, the White House and high cabinet positions in the executive branch, for instance Taft, Bush I, Bush II, Stimson, Chafee, Lovett, Whitney, Bundy, etc.)

## **What are the secret goals of The Order?**

The goal of **the Order** is to bring out a **New World Order**... "a planned order with heavily restricted individual freedom without Constitutional protection, without national

boundaries or cultural distinction.” (Sutton). These objectives are deduced from over 100 years of activities, often coordinated between **the Order** and **the Group**, as both have the same objectives.

They believe:

1) The state is absolute and requires absolute obedience from the individual. According to their philosophy, drawn in part from the German philosopher, Hegel, an individual finds his freedom only in relation to his obedience to the state. By contrast, in the classical liberalism of 19th century British and American society, the state is always subordinate to the individual.

2) They believe and operate under the Illuminati principle that “the end justifies the means”.

3) They believe in global control, “globalism”, world organizations, world law, and internationalism.

But who or what is the state? It is a self-appointed ruling elite. Ultimately, the state is a fiction. Who controls The State? They do.

They use **Hegelian dialectic** (create opposites: **thesis-antithesis**) to create conflict to move society in desired direction (**a synthesis**). This dialectic can also be stated as **problem-reaction-solution**. Thus, they control both sides of a conflict of their own making to arrive at a desired outcome. They typically use the clash of ideals (right vs. left, Democrat vs. Republican, secular vs. religious, etc.) to advance their agenda towards more state power.

Their philosophy, rooted in Hegel, is the root of both **Nazism** and **Marxism**.

**Marx**, in *Das Kapital*, posited **capitalism as thesis** and **communism as antithesis**. The conflict between these two would have to lead to a society where the State is God and is all powerful. Notice, that both Soviet (and Chinese) communism and German fascism are experiments in totalitarian government in which the state is all powerful. Therefore, their version of the Hegelian doctrine amounts to “the divine right of States”, rather than divine right of Kings.

**The Order** was critical to the establishment of communism in the Soviet Union (1920 to 1984) and national socialism or fascism in Germany (1930 to 1945). Key financial institutions involved were the **Guaranty Trust Co., Brown Brothers Harriman (formerly W.A. Harriman and Co.), and Union Banking Corporation**. Common to these giant investment banks we have W.A. Harriman (The Order, '13), son of E.H. Harriman, the railroad baron and Prescott Bush (The Order, '17). In his many corporate and business roles, Harriman simultaneously backed the transfer of massive amounts of technology to the Soviets and encouraged massive arming of the US to counterbalance and defend itself against the "Soviet threat".

A member of **the Order** was either president or VP of Guarantee Trust for the entire period (1915 to 1928) when Soviet communism and German fascism were established.

Then **Soviet communism was constructed as thesis and German fascism as antithesis**: again, the synthesis was to be an all powerful state.

Communist China, another vast experiment in totalitarian state control, has been another project of **the Order**. The Bush family has been particularly active in construction of communist China. The Order interventions included the 1911 Wall Street intervention into the Sun Yat Sen revolution. During WWII, the US helped the communist Chinese into power. Order member Henry L. Stimson was Secretary of War during the 1911 revolution as well as WWII, when General Marshall was ordered to stop the flow of ammunition to Chiang Ki Shek, thus throwing the momentum of the conflict to Mao Tse Tung, who was simultaneously being armed by the US through the Soviet Union. Today, China has become a superpower, which like the former Soviet Union, was built again by US science and technology.

We find **Order** members in positions of power in both Democrat and Republican parties.

**The Order** understands that elements of society that need to be changed in order to bring about a **New World Order** are:

**Education**, determining how the population of the future will behave.

**Money**, determining the means of holding wealth and exchanging goods.

**Law**, the authority to enforce the will of the state, a world law and world court is needed for a world state.

**Politics**, which determines the direction of the State.

**Economy**, which determines the creation of wealth

**History**, which determines what people believe happened in the past.

**Psychology**, which determines the means of controlling how people think.

**Philanthropy**, so that people will think well of the controllers.

**Medicine**, which includes the power over health, life and death

**Religion**, people's spiritual beliefs, spur to action for many

**Media**, what people know and learn about current events

**Continuity**, the power to appoint who follows in your footsteps.

**The Order's** strategy has been to control education, the foundations, the think tanks, the professional societies, etc. Thus, major occupations of Order members are in law, education, business, finance, and industry. These are the key fields for the control of society.

Of paramount importance is that **the Order** controls things through funding. Funding controls everything.

According to Sutton, the structure of **the Order** includes an inner core, an inner circle and an outer circle.

In the outer circle are the **Council on Foreign Relations** (founded 1922; about 2500 members at any one time), the **Bohemian Club**, the **Atlantic council**, the **Pilgrim Society**, the **Trilateral Commission** (founded by D. Rockefeller in 1973, 200 members worldwide, 77 in the US), the **Bilderbergers**. The Order is always represented in these "rich men's clubs" but does not always dominate.

Anthony Sutton concludes that it's a two pronged attack via 1) the royal families of Europe and their descendants, and 2) the secret societies. He also sees "bonesmen" themselves as "myopic juveniles".

The Order, Nazism, communism, Bohemian Grove, etc. are all based on statist Hegelian idealism which is the opposite of our ideal of Constitutional liberty and individual rights.

They believe the state is run for the benefit of the "**masters**" (Hegel's term) and we are "**slaves**", the peons who do their bidding. The real battle then is not between right and left but between masters (them) and slaves (us). The masters (Bush/Cheney etc.) function is to rule, to steal, to grab, and enjoy the product, while ours (the slaves) is to

go along and be obedient slaves. This is the purpose of Bohemian Grove and Skull and Bones.

9-11 victim family member Ellen Mariani has filed a RICO lawsuit against the Bush administration for complicity in the murder of her husband and about 3,000 others at the World Trade Center on September 11, 2001. The lawsuit notes that in today's world, big money is made in:

1) war preparations, the international trade in weapons, both legal and illegal, (about \$1 trillion/year)

2) oil, gas, and related energy services (about \$1 trillion/year)

3) narcotics trafficking (illegal is about \$600 billion) ,

4) white collar crimes, e.g., securities fraud, insider trading, illegal manipulation of markets, denuding funds from banks and pension plans, stealing money from government-funded programs, etc., trafficking in humans, in part for forced labor but primarily abducting and sale of women and children for sex, and

5) money laundering, to "cleanse" the largely illegal proceeds of the foregoing.

### **We see the NWO vision played out in communism:**

1917: New York Times publishes a telegram from (Jewish International banker) Jacob Schiff describing the Russian Revolution as "what we had hoped and striven for these long years." Family members confirm that Schiff himself donated \$20 million to the Bolsheviks for their revolution. Other New York banking houses also contributed.

1917: Federal Reserve Bank of New York director William Boyce Thompson contacts J.P. Morgan bank to give \$1 million of his own money toward the Russian Revolution.

1917, Lenin (a Jew) leads successful revolution in Russia and gains communist control. While Russian General de Goulevitch later states that "over 21 million rubles" had been given to the communist cause by Lord Milner (The Group).

1918, Robert Lee Hunter will become a Rhodes Scholar and later author of "The Declaration of the Federation of the World" which will be accepted and endorsed by a

number of state bodies, the first of which was the North Carolina legislature in 1941. The document states: "all peoples of the earth should now be united in a commonwealth of nations".

**Council on Foreign Relations (CFR)** founded by William Boyce Thompson, Col. Edward Mandell House, Henry Morgenthau, Sr.,

Lenin, 1916, stated:

**The aim of socialism is not only to abolish the present division of mankind into smaller states and all-national isolation, not only to bring the nations closer to each other, but also to merge them.**

Stalin says that national loyalties would become subservient to regional arrangements, which would facilitate Marx's "class struggle" with the eventual theme of "workers of the world unite" to establish a "dictatorship of the proletariat".

**The Group** was founded at Oxford University. Rhodes stated the Group's goal in his will was:

**The extention of British rule throughout the world. The perfecting of a system of emigration from the United Kingdom and of colonization by British subjects of all lands wherein the means of livelihood are attainable by energy, labour and enterprise.... And the ultimate recovery of the United States of America as an integral part of the British Empire.**

**The Group** and **the Order** are unwilling or unable to bring about a global society by voluntary means, so they have opted for coercion. They have created wars and revolutions, they have ransacked public treasuries, they have oppressed, pillaged, lied.

Also in 1918, **War Industries Board** advisor, Jew Bernard Beruch stated:

**Every man's life is at the call of the nation and so must be every man's property. We are living today in a highly organized state of socialism. The state is all; the individual is of importance only as he contributes to the welfare of the state. His**

**property is only as the state does not need it. He must hold his life and his possessions at the call of the state.**

## **The Big Picture according to William Carr**

William G. Carr (***Pawns in the Game***) states that the Old Testament is the history of how Satan became prince of the world and how the **Synagogue of Satan** was established. Along with providing an alternative to the rule of Satan, Christ identified the Luciferian forces of his day, the money-changers, the Pharisees, who were the Illuminati of his day. In fact, in ***Pawns in the Game*** and ***Red Fog Over America*** he points out that those who direct the **Synagogue of Satan** direct our governments, whom they hold in usury, to fight the wars and revolutions they need to bring the world to the stage when Atheistic Communism and the whole of Christendom can be forced into an all-out war.

Historical events connect the **House of Rothschild** with the **Jewish Illuminati** and the **French Revolution**. Carr says there is a connection with Jewish High Priests and their use of the Kabbalah. Supposedly the Illuminati was organized by certain bankers and high priests to carry out instructions given to the High Priests by Lucifer during their performance of Kabbalistic Rites. The Supreme Council of the Jewish Illuminati numbered thirteen. They remain the Executive Council of Thirty-Three. Their goal is to destroy the religion founded by Christ and his 12 apostles. Every member of the Council swears ultimate allegiance to the leader of the Council.

Moral corruption facilitates the whole process of bringing down nations. The financial element (pressure from above) paralyzes things and the revolutionary left (pressure from below) deals the death blow.

Directors of the Bank of America were agents of the Bank of England, both controlled by the Illuminati. (Alexander Hamilton and Robert Morris organized the Bank of America).

### **Solutions:**

- 1) Demand monetary reform and monetary controls: place the issuance of currency in the hands of the government, where it belongs. I.e., repeal the Federal Reserve Act of 1913, as it is entirely unconstitutional and gives control of America to a small group of international financiers.

2) Do not allow secret negotiations or secret societies. **Illuminati** and their type always work behind the scenes in secret. If we have government of, by and for the people, we have a right to know what every detail of what goes on.

3) The **United Nations** is the Trojan Horse of the International Conspiracy and World Revolutionary Movement. Abolish the U.N.

4) All illegal trade and traffic (organized crime, the mob, CIA, etc.) needs to be cleaned up.

It is important to remember that the Devil's nucleus of evil is centered in no more than about 300 master-minds, the so-called "Committee of 300."

5) Remember that the Christian Faith is based on Faith, Hope, and Charity.
