America's Secret Establishment

An Introduction to the Order of Skull & Bones

by [Dr. Antony C. Sutton](#)

I'm sometimes asked, "Why would you read a book like that?" My response is, "If the people in this secret society occupy top positions in our government, law, education, business, finance and industry—which they do—don't you think it would be important to find out about them, and what kind of influe..."

Quotes by This Author

“Academic associations are a means of conditioning or even policing academics.

Although academics are great at talking about academic freedom, they are peculiarly susceptible to peer group pressures. And if an academic fails to get the word through his peer group, there is always the threat of not getting tenure. In other words, what is taught at University levels is passed through a sieve. The sieve is faculty conformity.”
