Our medical system in this world is a black magic travesty:
-Greek dictionary defines it as: *“witchcraft, magic, the use of spells and potions of magic, often involving drugs—a magic spell. It is a fact that witchcraft and magic in the Greek world often involved the use of drugs—either by the witch or the one on whom the magic is worked.”*

Strong's Bible Concordance-

pharmakeia: *the use of medicine, drugs or spells*

Original Word: *φαρμακεία, ας, ἡ*

Part of Speech: *Noun, Feminine*

Transliteration: *pharmakeia*

Phonetic Spelling: *(far-mak-i'-ah)*

Definition: *the use of medicine, drugs or spells*

Usage: magic, sorcery, enchantment.

Dear Valued Customer,

Below is the latest information you need to know regarding COVID-19 vaccination and the Federal Retail Pharmacy Program:

On Saturday, June 18, CDC Director Rochelle P. Walensky, M.D., M.P.H., [endorsed the CDC Advisory Committee on Immunization Practices' \(ACIP\) recommendation to expand COVID-19 vaccination to children younger than 5 years of age. This decision now recommends COVID-19 vaccination for everyone 6 months and older](#), paving the way for about 20 million children in this age group to get vaccinated and allowing providers to begin vaccinating with either the Moderna or the Pfizer-BioNTech vaccine.

Rockefeller's roll;

"If you understand what's going on and didn't take the poison, you have survived the greatest psychological warfare in human history. Do you realize how much time, resources, money and effort they put into this? They have tried to manipulate, brainwash and force you. They have been trying to scare you. Attempted to make you feel guilty. They tried to bribe you with gifts. They tried to confuse you, to question your reality, and also your sanity. They tried to make you abandon your principles, your morals and your values. They even managed to turn your loved ones and friends against you. Almost everyone fell for it, but not you. You never gave up on yourself. You stood up for yourself against all odds and persevered. Stay that way."

Ukraine

The symbol of Molech and the Khazars

Donetsk, a civilian populated city with very little military value, is being hammered by Ukrainian forces to divert Russian focus on Northern Donbass (Svierdonetsk & Lysychansk) but it is not working.

<https://youtu.be/l9GSK0ZoBBM?t=132>

The supposed counter offensive of Ukraine toward Yegorovka and Pavlovka in the region of Ugledar and further towards Mariupol, was a trap by the Russian forces (art of war) in which the Russians retreated drawing the primary defenders of Ugledar were baited into the open and nearly completely destroyed. The Ugledar was the primary headquarters for Ukrainian forces in the region and are now mostly destroyed.

Royal United Service Institute (RUSI, U.K. based) Article has stated:

The Return of Industrial Warfare (17 June 2022 by Alex Vershinin)

https://www.youtube.com/redirect?event=video_description&redir_token=QUFFLUhqBFRPUDlxN1RPZGxQLXNoZXJCWmloZIR3ZU9oUXxBQ3Jtc0trcmxuT2RFT3JVQS1PUXlIdWEwekxZUHhHZnAtMkJMZTR5SEVta2p5eDVMQ2RGeDY5ZHNhdTRXUU5XWlkxMzl0RXVhbDNQaGVzdDB5UzhSbkV4NHJOZEthbi00ZFRuQWd5ZUQ5bXNsN015SEdPVjJVRQ&q=https%3A%2F%2Frusi.org%2Fexplore-our-research%2Fpublications%2Fcommentary%2Freturn-industrial-warfare&v=I9GSK0ZoBBM

250,000 Ukrainian soldiers and 450,000 recently mobilized citizen soldiers (80% lost now) pitted against ~200,000 Russian and separatist troops.

(Note: Russia is winning massively with a much smaller force, it is merely using an expeditionary force, while Ukraine is fully mobilized and with the backing of the west is still losing badly.)

Ukraine's military industrial complex was destroyed months ago. To support Ukraine in the ongoing conflict with weapons, hardware and ammunitions will take a substantial military industrial complex, which Ukraine no longer has nor can it rebuild it during this conflict. Russia is using over 7,000 artillery rounds per day, the U.S. annual production at current capabilities would last Ukraine no more than 3 weeks.

The rate at which Russia is using artillery, cruise missiles and ALL assets can be sustained by Russia indefinitely based on known Russian military industrial complex productions estimates and expenditures as well as trained and working

employment. Additionally, their economy has actually improved during the conflict including a drop in inflation and large increases in employment in **ALL** sectors of their economy. These estimates are very accurate and are also based on the following facts: Russian stockpiles are not being touched though they are massive, Russia does **NOT** use just now marketing but has all the necessary stockpiled materials as well as factor production capacity and has not outsourced nor need outside materials for its industrial capacity. Russia's economy is internally self-sufficient. Prior to the conflict this was not completely true, however, during the conflict they have created full self-supporting systems.

Meanwhile the U.S. has outsourced most of what it needs to produce armaments and also does **NOT** have the rare earths supply for high tech systems. Additionally, the deindustrialization of the U.S. has made it so that it now does not only **NOT** have the internal industrial compacity to supply the Ukraine's needs on a weekly basis, nor can it rebuild them in time since the trained workers are no longer in existence, since the deindustrialization has occurred so long ago that the trained labor force no longer exists and would take at least a decade to rebuild as would the factories.

Even more significant is that the entire EU, NATO and U.S. combined can **NOT** match the Russian output **NOR** Ukrainian needs. To merely return Ukraine to its profile at the beginning of the complex would take ALL of the remaining stockpiles of the aforementioned, which would leave this group with **NO** materials for self-defense and would take years to replenish at the current production capacities.

For Ukraine to win the war it would need what it can **NOT** be supplied nor has:

<https://youtu.be/l9GSK0ZoBBM?t=2034>

Lastly, Russia has not even fully mobilized for this war. It has been rotating its military through the conflict having only about 200,000 of their troops present. This has allowed them to have all their troops get battle trained and hardened while not remotely taxing its military complex, troops etc.

As Alexander states as well in a brilliant summary in the below video:

<https://www.youtube.com/watch?v=ZqXC22fRCBE&t=0s>

(Link provided for listeners and reference)

Trump knew this would happen and warned Zelensky:

Trump knew Putin was going to move into Ukraine years ahead of time.

Trump and Putin are part of the Alliance.

Look back on this wild exchange from 09/25/2019. It makes a lot more sense now, as to what Trump was talking about 2 years ago pertaining to the “corruption” in Ukraine.

Pay attention to Zelensky's body language while Trump talks about Putin "*solving Ukraine's problem*", in reference to the deep state and DNC corruption in Ukraine.

[-https://youtu.be/rGNNhmFYtWM](https://youtu.be/rGNNhmFYtWM)

Zelensky's looks like he's seen a ghost. When you watch the whole interview, you will notice he is squirming the **ENTIRE** time. Showing a very uncomfortable display of body language.

It very obvious, even the **MSM** widely reported on how awkward it was.

We understand, WHY he looked petrified.

Trump was sending Zelensky a message. Trump was THREATENING Zelensky when he said he and Putin “*should get together*”.

Now that we know Zelensky was engaged in covering up Ukrainian State involvement in the **Deep State** biolabs, (see decree to burn Metabiota State docs):

<https://bioclandestine.substack.com/p/zelensky-ordered-destruction-of-all>

As the RUSI article concludes:

“Conclusion:

The war in Ukraine demonstrates that war between peer or near-peer adversaries demands the existence of a technically advanced, mass scale, industrial-age production capability. The Russian onslaught consumes ammunition at rates that massively exceed US forecasts and ammunition production. For the US to act as the arsenal of democracy in defense of Ukraine, there must be a major look at the manner and the scale at which the US organizes its industrial base. This situation is especially critical because behind the Russian invasion stands the world’s manufacturing capital – China. As the US begins to expend more and more of its stockpiles to keep Ukraine in the war, China has yet to provide any meaningful military assistance to Russia. The West must assume that China will not allow Russia to be defeated, especially due to a lack of ammunition. If competition between autocracies and democracies has really entered a military phase, then the arsenal of democracy must first radically improve its approach to the production of materiel in wartime.”

The Ukrainian military is falling apart now:

-Ukrainian troops post videos to social media complaining about betrayals by senior commanders as some refuse to fight.

<https://www.naturalnews.com/2022-06-07-ukrainian-troops-post-videos-senior-commanders-refuse-to-fight.html>

The narrative that the 'glorious Ukrainians' are beating the Russians back with well-supplied, well-disciplined and well-led military formations is also false.

The slow advance of Russia is used by the **MSM** to say that Ukraine is valiantly fighting back and will eventually beat Russian forces back and will be able to completely drive the out and win. Nothing could be farther from the truth. The reason is explained eloquently here, by Scott Ritter.

(mp4-Ukraine fortifications)

A series of videos of Ukrainian troops laying out the details is no doubt as embarrassing to President Volodymyr Zelensky as they are to the U.S. **deep state**; which has propagandized Americans with the help of virtually every media outlet, left and right, about how righteous the Ukrainian cause has become.

Now the **DS** involvement is being shown as well—Explosive Report Confirms Expansive **CIA** 'Stealth Network' Of Spies & Commandos Inside Ukraine. A New York Times article has confirmed what many already suspected—the **CIA** is still very active inside Ukraine, especially with training as well coordinating weapons among its Ukrainian allies. The Times

article details *"a stealthy network of commandos and spies rushing to provide weapons, intelligence and training,"* based on US and European intelligence officials with knowledge of the operations. The report says Ukrainian forces are reliant on this Western clandestine network *"more than ever"* because they are vastly outgunned by the Russians.

The Times report confirms that the US program is not only active and ongoing, but appears larger in scale than previously thought given the CIA's close cooperation with the Ukrainians is happening both inside and outside the country, across multiple locations.

"Much of this work happens outside Ukraine, at bases in Germany, France and Britain, for example. But even as the Biden administration has declared it will not deploy American troops to Ukraine, some C.I.A. personnel have continued to operate in the country secretly, mostly in the capital, Kyiv, directing much of the vast amounts of intelligence the United States is sharing with Ukrainian forces, according to current and former officials,"

They are desperate to get help and it looks like the powers that be KNOW it cannot come from the collective West, so now they are reaching out to Africa (why—see world update on Uganda!):

<https://youtu.be/p-YP1azszfg?t=36>

The response was what we would now expect, as they know that the days of the DS are limited and they no longer have to comply.

The bottom-line is that this will have made Ukraine, not only **NO** threat to Russia but will permanently eliminate it as a DS asset and there will not be much left to be in the EU (as now being looked at) nor in NATO. The Luhansk and Donbass will either be in the Russian Federation or be their own sovereign nations after this is over. This has also so weakened the EU that it will likely crumble and be gone within a decade or less not to mention NATO's questioned continuance.

Additionally, the narrative of the MSM is falling apart due to the fall of the Ukraine:

But who really has been running the world, The **Vatican**, The Black Nobility families (Everything!), The Gray pope who is the Leader/General of the Jesuit order:

<https://totaldisclosure.net/deep-dive/the-black-nobility-i/>

“The Jesuits are a MILITARY organization, not a religious order. Their chief is a general of an army, not the mere father abbot of a monastery. And the aim of this organization is power - power in its most despotic exercise - absolute power, universal power, power to control the world by the volition of a single man. Jesuitism is the most absolute of despotisms - and at the same time the greatest and most enormous of abuses.”—Napolean Bonaparte.

<https://www.azquotes.com/quote/1170452>

-The Black Nobility

The Papal Bloodlines are the secret, shadow hierarchy of the Jesuit Order controlling the Black Pope. These powerful bloodlines are the Breakspear, Somaglia, Orsini, Farnese, and Aldobrandini. These five dominating families unite with the Borgia, Chigi, Colonna, Conti, Este, Medici, Pallavicini, and Pamphili to form the ancient 13th Saturnalian bloodlines.

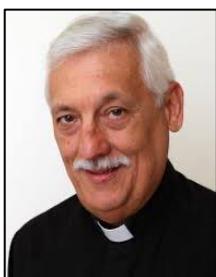

The most powerful man right now is the Grey Pope and King of Rome: Pepe Orsini. The Papal Bloodlines of the Jesuits “Black Nobility” are the real families who control the world from behind the scenes. They use religion, finance, property, health, weather, the media, and mind control to yield their power over the masses. The bloodlines often mentioned to be at the top are actually the second level of the human power hierarchy.

Yes, the Rothschilds and the Rockefellers control massive amounts of wealth, but whose wealth is far greater than theirs? It makes sense that some of these bloodlines date back to the height of the Roman Empire and the founding of The Catholic Church. These antique dynasties have moved Kings and Queens from behind the scenes for at least a few millenniums. They have made pawns out of the 99.9% of humanity, and their convenient stealth is ending as myself and others expose them. These bloodlines control all the other secret societies through the Jesuit Order and their Knights of Malta.

Arturo Sosa serves as a military General protecting the Zoroastrian and Mithraic mystery schools. They use intelligence agencies and other lackey societies for that purpose. Their command center is located in Borgo Santo Spirito, which is missile protected by nukes. Henry Breakspear from Asia and Pepe Orsini from Europe are in control of the Grey Council of Ten. The Grey Council of Ten is an elite Satanic round table rumored to communicate with Lucifer directly. The Jesuit Assistance Soldier, James Grummer, represents the council’s interests in the United States Corporation. All roads lead to Rome.

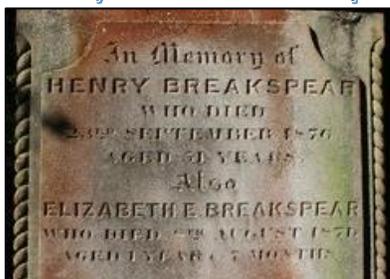

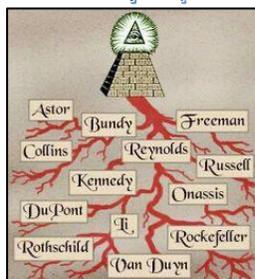

Grey Pope (Pepe Orsini)

Holy See Admiralty Law Rules the World

also referred to as Maritime Law, the Law of the Sea: Commerce Fiat \$ Currency/water, Banks controls the flow of \$ currency/water... there are many Laws of the Land but Only One Law of the Sea. The law of the Sea Admiralty Law has taken over the world thru fiat \$ currency. Admiralty Ship on Dept. Commerce Seal Logo... Admiralty gold-fringed flags in USA Courts, Schools, etc... also YOUR NAME ALL CAPITAL LETTERS IS UNDER ADMIRALTY JURISDICTION. (EU Coin: Rev. 17: 1,7)

Admiralty Law (also known as **Maritime Law**) is a system of law originally codified by the Republic of Venice from the 11th Century and subsequently refined over subsequent centuries governing the operation, ownership of vessels on the oceans, transport and insurance of cargo, commerce, bills, navigation, liability, liens and finance.

Admiralty Law is the foundation of international law ultimately as "private law".

The word **Maritime** comes from the early 13th century combination of two **Latin** words **mari** (sea) and **timeo** (fear) meaning literally "**Sea of Fear**" or "**Fear of the (Holy) See**" – an extremely off word to define a form of **law of the seas**. The formation of the private company owned by the Venetians through the Franciscans otherwise known as the Holy See was officially formed through a **ceremony in 1250** between the head of the Franciscans Doge Giovanni Bernadone "Marco" Morosini (Moriconi) and **Pope Innocent IV in a boat dedicated to "Satan"** called a Bucentaur (beautiful centaur) near St Mark's Square's square when the Doge **threw the Papal Ring into the sea** during a formal Roman Cult religious ceremony at which point "St Francis" was the first to ever usher "**Desponsamus te, mare, in signum veri perpetuaeque domini**" **We wed thee, sea, in the sign of the true and everlasting Lord**) declared Venice and the (Holy) sea to be indissolubly one.

This **renewal of "wedding vows" between the owners and masters of the Roman Catholic Church and its trustees still occurs every year.**

The word Admiralty is also a **16th Century** word formed by the **Jesuit** College of English and transmitted through the Shakespeare portfolio from two **Latin** words **ad** meaning "**for the purpose of**" and **miratus/mirus** meaning "**to wonder at, be surprised at or something strange**". Hence the literal original meaning of "**admiralty law**" is "**law for the purpose of surprise, wonder and strangeness**" or simply "**occult law**". **Within the modern Roman Court system today, Maritime Law in ritual and function still exists:**

(i) The accused is placed in a "dock" signifying them as being converted into a "vessel" at times and "goods" or property at other times; and (ii) The charges and evidence presented to the court is listed on a "docket" being a manifest of goods delivered, otherwise known as a Bill of Lading between a consignee and consignor that if no rejected or returned means commercially that the one who has received the goods being the accused or consignee is now liable for any draft bill; and (iii) The charges against the accused, sometimes called a respondent being another maritime term, are usually listed in what is called "Bill of Indictment" representing a draft bill for the "goods" being the charges listed on the "docket" delivered to the "vessel" being the accused. Given Maritime Law and Admiralty Law including all ritual is founded on fraud, organized crime, curses and corruption all such law is considered null and void from the beginning having no effect. http://one-heaven.org/canons_positive_law/dicks_3310.html

-I fight for freedom knowledge and in place of deceit, intolerance and prejudice; I fight for the possibility of understanding, truth and acceptance.

-But I CANNOT win these things alone. I will need help and support—From you and ALL those who have rebelled against the Authority of evil.

-Let us be united in Heart, Soul and Deed and TOGETHER we can build a new world; A New Galaxy, A New Universe, A New Creation. A Creation that mirrors Father God's Heaven!

-A Creation of freedom of ideas, thought, action and deed.

-A World in which the scars of history may revealed and healed.

-Better worlds, worlds of Love and Dignity; where freedom is NOT the privilege of the few of the Authority, but the RIGHT of ALL people.

-But I tell you this NOW.

-There is NO neutral ground.

You are either for God the Father of ALL Creation or you are against him.

NOW is the time to decide!

Which is it?!!!
