**NEW ZEALAND CERTIFICATE IN AUTOMOTIVE  
MACHINING (LEVEL 4)**

  
**mito**

---

**Designed in consultation with industry, this programme will provide you with the skills and knowledge required to safely and effectively diagnose and repair automotive engine components in a range of vehicles.**

---

### **Programme Outline**

The Level 4 programme is expected to take 2 years to complete.

The training programme includes a mix of practical training and assessment, undertaken in the workplace, and eLearning, allowing you to complete theory elements of the programme at your own pace. You will have access to videos, learning activities and course assessments, which can be easily accessed at any time and from any device – mobile phone, tablet or PC.

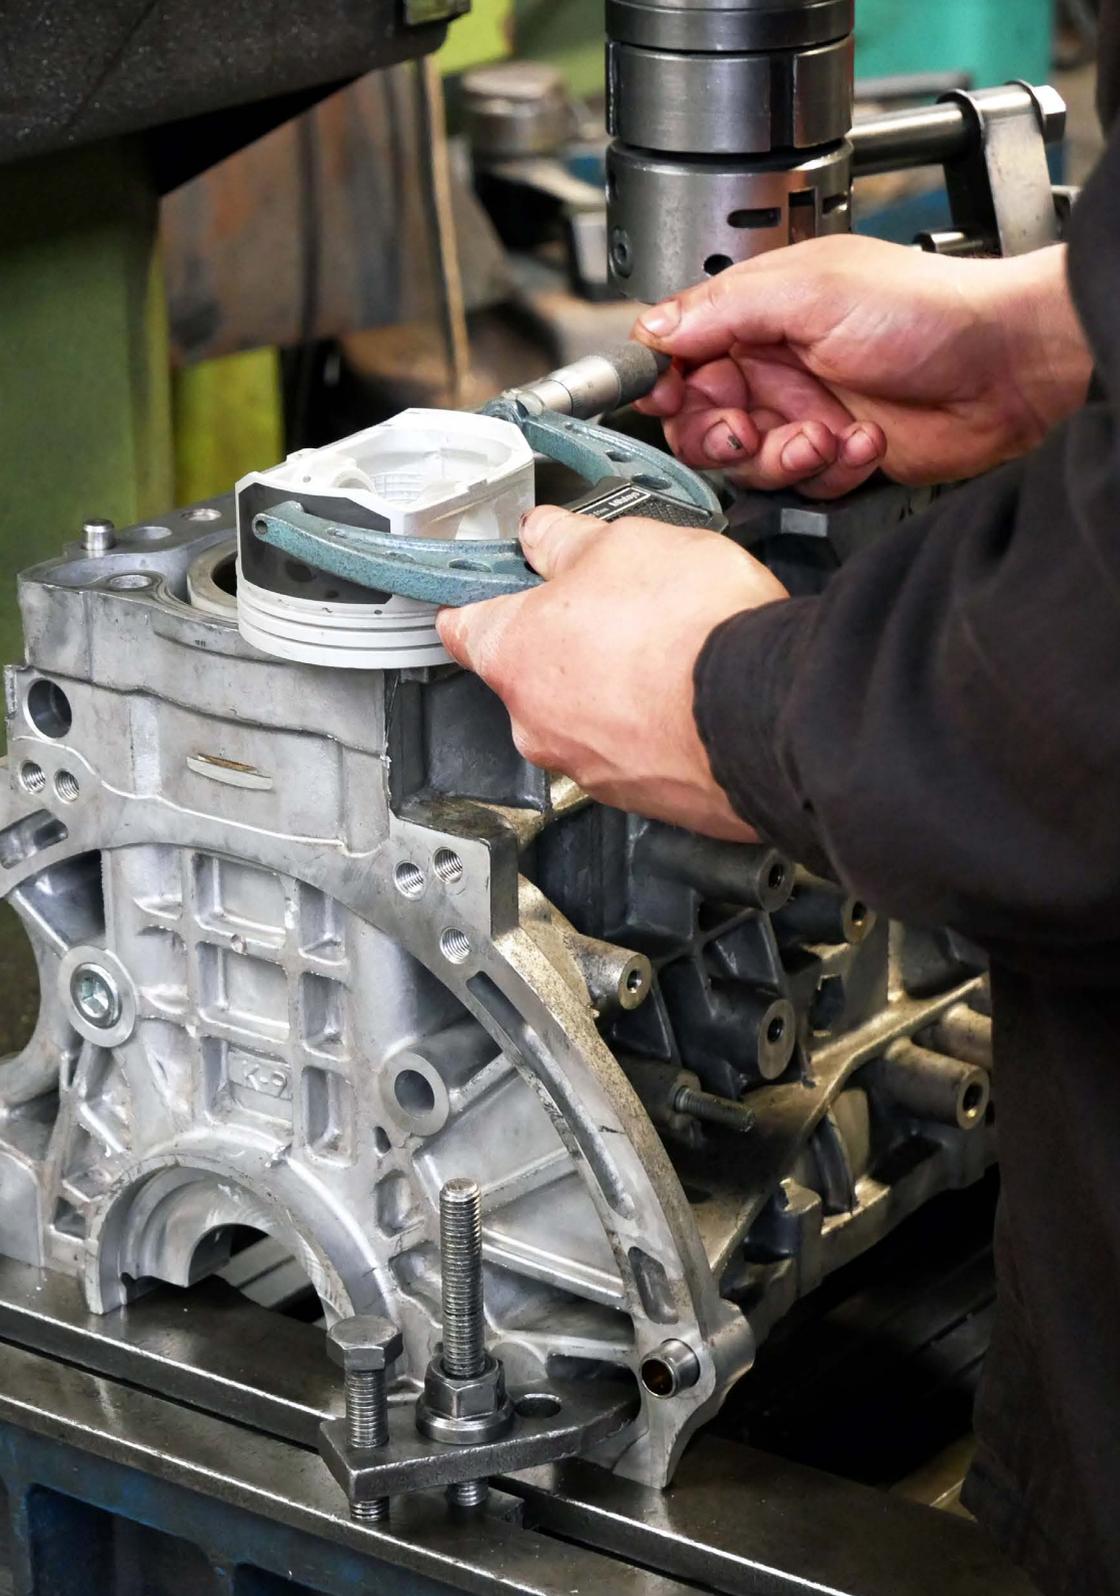

<b>QUALIFICATION OUTCOMES</b>		<b>LEVEL</b>	<b>CREDITS</b>
<b>OUTCOME 1</b>	Respond to technical issues to maintain a safe and effective automotive machining workplace	4	10
<b>OUTCOME 2</b>	Measure, calculate and analyse faults to determine the serviceability of automotive engine components	4	25
<b>OUTCOME 3</b>	Apply a range of machining processes to rectify engine faults and carry out cylinder head repairs	4	100
<b>OUTCOME 4</b>	Investigate and identify engine failure	4	15

### **Entry Requirements**

You must be employed full-time in the industry to enrol in this programme.

### **Programme Fee**

There is no training fee for this programme until 31 December 2022.

MITO is a business division of Te Pūkenga  
Work Based Learning Limited. We support  
on-job learning and career development for  
the automotive industry.
